YELLOW FEVER SITUATION IS NOT ALARMING

Believed that Efforts to Prevent
an Epidemic Will Be
Successful.

TRAVEL AFFECTED

Railroads Seriously Hampered By
Onerous Quarantines.

CUBA QUARANTINES AGAINST
GULF PORTS AND DETAINS PAS-
SENGERS FROM TAMPA--REFUG-
EES HELD UNDER GUARD
SEVEN DEATHS IN NEW OR-
LEANS.

By Associated Press.

New Orleans, July 29.—Following is a report of the yellow fever situation up to six o'clock this evening:
New cases, 29; cases to date, 256.
Deaths to-day, 7; deaths to date, 54.
New foci, two.
Deducting the number of deaths and the number of recoveries it is believed that at the present time, not more than seventy-five cases are under treatment, if that many.

New Orleans, July 29.—Although there has been a considerable increase in the number of deaths in the twenty-four hours ending at 6 o'clock this morning, the yellow fever situation is not regarded as alarming. It is believed that the efforts to save the city from an epidemic and to demonstrate the correctness of the mosquito theory will be successful.
There has been a large addition to the number of cases in the section between Canal street, with a considerable distribution of new foci, but there are reports of a general spread of the disease from outlying districts, and new cases are still traceable to original sources.
There has been some talk of transferring the entire situation to control of the federal government, but this is unlikely. There has been entire and cordial co-operation of the local authorities with the federal authorities.
Railroads continue to be seriously hampered by quarantines, which are constantly becoming more onerous as the epidemic increases in various sections of the South. Local representatives of lines running through Mississippi were advised to-day that no passengers from New Orleans would be permitted travel on trains through that city without a health certificate.
This affects through passengers bound north, east or west. In the interior towns of nearby states little attention has been paid to the mosquito theory and there has been a demand for the shipment of freight cars sent to New Orleans to haul freight from this city. Some of the lines are making arrangements to disinfect box cars.

CUBA QUARANTINES
AGAINST GULF PORTS.
Houston, Tex., July 29.—Southern railroad officials to-day received a telegram from Havana saying that Cuba had instituted a rigid quarantine against all Gulf ports from Tampa to Sabine River, Texas.
PASSENGERS WILL BE
DETAINED AT HAVANA.
Havana, July 29.—The steamer Massey, which arrived here to-day from Tampa, has been quarantined. Her passengers were placed under detention for five days.
REFUGEES ARE HELD
UNDER STRONG GUARD.
Natchez, July 29.—Natchez, and other counties are co-operating in maintaining a detention camp at Con-

INCOMPETENCY OF HEALTH OFFICIALS

Vardaman Replies Sharply to Criticism of Governor of Louisiana.

BELIEVES HEALTH OFFICERS OF LOUISIANA AND NEW ORLEANS KNEW YELLOW FEVER HAD BEEN RAGING LONG BEFORE ANNOUNCED.

By Associated Press.
Jackson, Miss., July 29.—Governor Vardaman to-day in reply to Governor Blanchard, who asked for proof of neglect or incompetency on the part of the health officials, said there was no need of proof. He said he believed, and thought everybody believed, that Louisiana and New Orleans health officials knew yellow fever had been raging some time before official announcement of the fact was made a week ago to-day. He believed all reports of the present scourge to be due to the neglect of officials to sound a note of warning when this should have been done.
The answer of Governor Vardaman was called forth by the following, given out last night by Governor Blanchard, of Louisiana:
"The governor of Mississippi, in an address issued to the people of that state on the afternoon of the 26th, relative to the existence of yellow fever in New Orleans, used the following language: 'That usual dissimulation and evasion were practiced by the health authorities of New Orleans and the State of Louisiana, but finally an admission was extorted that yellow fever existed there.'
"This is a serious reflection upon the State of Louisiana and the city of New Orleans, and upon officials as high minded as the governor of Mississippi himself, and should not have been made without reliable information and data upon which to base it. If the governor of Mississippi has such information, I call upon him to make it public.
"I am informed by both President Sutherland, of the state board of health, and President Kohnke, of the city board of health, that the charge of dissimulation and evasion made by the Governor of Mississippi is untrue.
"When reports of yellow fever began to spread I wrote Dr. Sutherland that as soon as the board of health became satisfied that yellow fever existed in the city to communicate the fact to the health authorities of other cities and states. This he did.
"He would not have been justified in reporting yellow fever until satisfied of its existence in the city.
"Other states, on receiving information of the appearance of the fever, sent their health officers to New Orleans to look into the situation. Mississippi sent none."

cord. The town has been quarantined against the world.
Train service on Mississippi valley and Southern roads has been reduced to one train each way daily. Fifty-five refugees coming to Natchez are detained at Concord and will be held five days. Volunteer and paid guards stand guard night and day.
WILL BE DETAINED
FOR SEVEN DAYS.
Mobile, July 29.—The State Board of Health this afternoon adopted a regulation requiring persons from New Orleans and other infected places to undergo seven days' detention before being allowed to enter Alabama.
SEVEN DEATHS AND
THIRTY NEW CASES.
New Orleans, July 29.—There were seven deaths to-day from yellow fever and about thirty new cases, making a total of 54 deaths to date. While about 260 cases have been reported to date, only seventy-five are under treatment at the present time.
STRICT QUARANTINE BY
STATE OF TENNESSEE.
Memphis, July 29.—Following the quarantine established by Memphis and Chattanooga the entire state of Tennessee this afternoon closed its doors against New Orleans and all infected districts where yellow fever is prevalent. This action was taken at a meeting of the state, county and city boards of health. Governor Cox endorsed the action and promised active support in carrying out the regulations. The boards will require cer-

ificates that a person has not been in an infected district within six days previous to coming into the state.

QUARANTINE AGAINST
LOUISIANA RAISED.

Houston, Tex., July 29.—State Health Officer Tabor to-day lifted the quarantine against Louisiana excepting New Orleans and the town of Bunkie. Mr. Tabor says the action was taken because of the quarantine against New Orleans and other points established by the Louisiana State Board.

answered and all questions of a doubtful nature must be submitted to Justice Wright, of the District of Columbia Criminal Court. This was the decision of Judge Wright in a case before him to-day, in which District Attorney Beach asked for a decision regarding witness Haas.

Witnesses Not Required to
Incriminate Themselves
By Associated Press.
Washington, July 29.—Witnesses in an investigation of the cotton report charge will not be required to answer questions tending to incriminate themselves in the proceedings before the grand jury. Questions of a non-incriminating character must be an-

WILL ERECT A NEW SCHOOL BUILDING

Special Meeting of the School
Board Was Held Yesterday
Afternoon to Open Bids.

A special meeting of the County School Board was held yesterday afternoon, those present being President Clubs, Judge Blount and Superintendent Cook. The meeting was for the purpose of opening bids for the construction of a new school building in the northwestern portion of the city. Owing to the crowded condition of the city schools it was decided to open a new school in that section, to be of three rooms. The building will be neat in appearance and the arrangement of the rooms such that all space can be utilized.
J. M. Crona was the lowest bidder, and he was awarded the contract, his bid being \$1,310.00. The bidders were as follows:
Frank Williams \$1,887.35
Hendrix & Carpenter 2,388.75
Jas. T. Stearns 1,977.00
J. M. Crona 1,310.00
A. D. Alfred 2,093.00

W. J. BRYAN WILL TOUR THE WORLD

By Associated Press.
Madison, Wis., July 29.—Col. Wm. J. Bryan announced last night that he will soon start on a tour around the world, lasting from one to two years. He will join Mrs. Bryan in Japan, where she has already started.

STATEMENT SHOWS IMMENSE DEFICIT

By Associated Press.
Washington, July 29.—The monthly statement of government receipts and expenditures which is to be issued August first, will show receipts for July at approximately forty-nine millions and expenditures about sixty-two millions nine hundred thousand dollars, leaving a deficit of more than thirteen millions.

K. OF C. WILL HOLD SERVICES

THIS AFTERNOON IN MEMORY
OF TIMOTHY J. HURLEY, A
DECEASED MEMBER.

Memorial services, in honor of Timothy J. Hurley, will be conducted this afternoon at 5:30 o'clock in the hall of the Knights of Columbus.
Mr. Hurley was among the charter members of the local order, and was highly respected not only by those of the lodge, but also by every citizen of the city.
It is the custom of the order to hold services in honor of departed brothers, and this afternoon has been set apart for this purpose. The services will be conducted by Grand Knight John B. Jones, and there will no doubt be a large number of members present.

quartines that a person has not been in an infected district within six days previous to coming into the state.

UNKNOWN NEGRO LYNCHED BY TEXAS MOB

Attempted Assault of Two White
Women Fully Ident-
ified.

HUSBAND OF ONE VICTIM KNOCK-
ED DOWN WITH BAR OF IRON.
WAS FRIGHTENED AWAY IN
FIRST ATTEMPT ON THURSDAY
NIGHT.

By Associated Press.
Dallas, July 29.—An unknown negro, who attempted an assault on two white women near Avery, was lynched to-day by a mob of several hundred men. The negro attacked the two women last Thursday, but was frightened away in the first attempt and later attacked a Mrs. Aydelotte. Her screams attracted her husband who was knocked down by the negro with an iron bar. The negro then fled but was captured to-day and after being positively identified by both women was taken into the woods and hanged.

JAS. WHITE TOLD OF FATHER'S DEATH

Sad News Was Broken to Him
Yesterday Afternoon at the
Hospital.

The sad news of the death of both his father, John White, and his friend, Edward C. Dansby, was broken to James White yesterday afternoon, as he lay in bed in St. Anthony's hospital.
It was the first intimation he had received of their deaths, and naturally he was startled and almost dazed, and for a few minutes could not realize that both had passed away. When he did he gave way to grief, and for some time he could not be quieted.
The last he had seen of either his father or Mr. Dansby was on the afternoon when both were shot by William, and although he had repeatedly asked regarding their condition he was assured that they were doing as well as could be expected. The physicians deemed this the best policy, owing to the condition of Mr. White, for they knew that to make him acquainted with the fact before he gained strength would give him a set back.
At a late hour last night Mr. White was resting very well.

MANY INQUIRIES ABOUT NEW BONDS

WILL CONVE- NIE IN SPECIAL SESSION

Mayor Bliss Has Called City Coun-
cil to Meet Monday Morning
at 11 O'Clock.

A special meeting of the City Council has been called for 11 o'clock to-morrow, notices to this effect having been sent out yesterday to the councilmen. Mayor Bliss issued the call for the meeting upon receiving information that the joint committee, composed of members of the franchise and ordinance and engrossing committees to the effect that a report was ready to be submitted.
This report is in relation to the two new railroad ordinances, which were recently submitted for revision to these committees. The members have been at work on them for several days, and have finally succeeded in getting them in such shape that they will no doubt prove satisfactory to all parties concerned.
It is anticipated now that satisfactory ordinances have been drafted that they will be rushed through in order that work upon the proposed Pensacola and Northwestern and the Pensacola and Andalusia may be commenced as soon as possible.

PENSACOLIANS LAUNCH NEW CONCERN

Capt. J. Ed. O'Brien and Others
In New Sheet Works in
Portsmouth.

Pensacolians have launched a new industry in Portsmouth. The company is known as the International Ventilator and Deflector Company, incorporated, and among the local men who are interested is Capt. J. Ed. O'Brien, who was one of the organizers of the company. The Norfolk Dispatch, in speaking of the new concern, says:
"The International Ventilator and Deflector Company, Inc. the main office of which is located at No. 425 Bond building, Washington, D. C., looking upon Portsmouth as an advantageous field for location, has established a branch office and works in this city."
"After several weeks of preparation the company has begun operations at its plant, located in the two-story brick structure at Nos. 805 and 805 Crawford street.
"Exhaust ventilators of the latest improved pattern are being manufactured and placed on the market by the company, and their output has been pronounced a very superior product for the ventilation of ships and buildings of all description, including residences, cotton, woolen, carpet and paper mills, foundries, machine shops, railway coaches and refrigerating cars.
"The plant is operated by electric power and in it is installed the latest improved machinery for sheet iron work, which the company will handle extensively.
"It is expected that fifty hands will be employed within a short time and the value of this industry to this community can, therefore, be readily realized and appreciated to a greater extent by a visit to the works.
"The new company is thoroughly a southern organization, the controlling stock being held in Pensacola and other southern cities.
"Experiments were recently made on vessels running out of this port to Cape Charles and Newport News, and satisfactory results were obtained."

WOMAN FOUND DEAD IN BED

By Associated Press.
Guthrie, Ky., July 29.—The dead body of Mrs. Perry J. Luster, wife of the manager of the telephone company here, was found in her bed to-day with a bullet wound in the side and her husband missing. Every effort is being made to locate him. Both are prominent socially.

WESTERN GOLF CHAMPIONSHIP

By Associated Press.
Glenview, Ill., July 29.—Chandler Egan to-day won the western golf championship for the third time, defeating his cousin, Walter Egan, three up, two to play.

Japanese Are Attempting To Cut Off Vladivostock

By Associated Press.
Kheru, Manchuria, July 29.—The Japanese are apparently concentrating a considerable force far eastward, with the aim of operating against the Kiring and getting between Vladivostock and the Russian Manchurian army. It is reported that the Japs have landed at several places on the Siberian coast and that the telegraph lines to Nicholasievsk have been cut. The rains are moderating and the roads are passable.

Among Those Who Intend Bidding
Are Several Who Refused to
Do So Last Year.

EXPECTED THAT SINCE THE
AMENDED LAW HAS BEEN PASS-
ED THAT NO TROUBLE WILL BE
MET IN DISPOSING OF THEM.

Many inquiries are being received by Mayor Bliss each day relative to the issue of bonds for improvement purposes, which are to be voted upon at a special election to be held August 22. These inquiries come from prominent bond dealers and brokers in a number of the financial centers of the United States. In fact, the mayor's office is being flooded with correspondence of this character, and the mayor in turn is furnishing all the information that he has at his disposal.
The special bond election is to be held on August 22, and there is no doubt but that the majority of the taxpayers will favor improving the city, and vote for the bond issue. Everyone seems favorable to the bonding of the city in order that improvements which have been needed for years, may at last be made.
The issue will carry with it the paving of streets, new sewerage system, electric lighting plant, city hall and police station. When these improvements are concluded there will be a great change in the appearance of Pensacola as all the work will be modern in every respect.
The big bond dealers of the country, who a year or more ago, absolutely refused to make a bid for the purchase of the bonds, are now making inquiries and signify their intention of bidding on the entire issue.
Only those who are taxpayers and registered voters of the city will be allowed to participate in the election, but there will be a much heavier vote polled than many anticipate. City Register Geo. S. Hallmark, who was appointed for this purpose, has been busy for some time making up the registration books for the four city precincts.

CUTTING AFFRAY AMONG NEGROES

Mike Spencer and Adolph Gilmore, both colored, engaged in a war of words at the Three Cronies saloon last night, which had the usual result. Gilmore is now wrapped in bandages and Spencer is occupying a cell in the county jail.
The negroes had been playing cards in the saloon, when they became engaged in a quarrel. Spencer, who became very angry, reached for his knife and stabbed Gilmore in the face twice, inflicting wounds from which the blood flowed freely. One of the wounds is quite serious.
Spencer rushed from the bar and started towards the northern portion of the city, his intention being to make his escape. The thought of the bloodhounds of the sheriff evidently crossed his mind, for after going a short distance he removed his shoes and wrapped his feet in handkerchiefs, evidently thinking the hounds could not follow his trail under such circumstances.
Deputy Sanders who had heard of the cutting was soon after the negro and captured him before he had gone five blocks.

JURIST WHO WAS WELL KNOWN IN THIS CITY, EXPIRED FROM EFFECTS OF AN OPERATION.

Judge Louis P. Paquet, of New Orleans, who was well known in this city, having been at one time connected with the Florida McGuire case in the United States court, died suddenly on July 28 in Galveston, where he had gone on a visit. A special from Galveston regarding the death of Judge Paquet, says:

ENTHUSIASTIC SEND OFF FOR SECT'Y. TAFT

Distinguished Assemblage at the
Station on Departure From
Tokio.

MET BY BIG CROWD

Saturday Morning Upon Arrival of
Party at Kioto.

RECEIVED BY GOVERNOR, MAYOR
AND OTHER OFFICIALS--WARM
GREETING EXTENDED TO THE
AMERICAN VISITORS ALL ALONG
THE ROUTE.

By Associated Press.
Tokio, July 29.—Secretary Taft and party left for Kioto last evening on a special train, receiving an enthusiastic send off at the station, in which a distinguished assemblage, including court, civil and other officials took part. Miss Roosevelt received many flowers. The same greeting was extended all along the route. The party reached Kioto this morning and was received by the governor, mayor and other officials and a great crowd of people.

DEATH OF JUDGE L. P. PARQUET IN GALVESTON

Jurist Who Was Well Known in
This City, Expired from Effects
of an Operation.

Judge Louis P. Paquet, of New Orleans, who was well known in this city, having been at one time connected with the Florida McGuire case in the United States court, died suddenly on July 28 in Galveston, where he had gone on a visit. A special from Galveston regarding the death of Judge Paquet, says:

"Judge Louis P. Paquet, of New Orleans, died at St. Mary's infirmary this morning at 6:45 o'clock from the effects of an operation. The Judge has been on a visit here to friends for the past three weeks, and was taken ill on last Wednesday, a week ago. His remains will be shipped to New Orleans. He leaves a widow and three children surviving him. The Judge was born in Galveston about thirty-six years ago, but left here when quite young. He was Grand Dictator of the Knights of Honor of Louisiana, and also a member of the Supreme body of that order."

"Up to last night the family of Judge Paquet had received no particulars of his death. It was shown that he had been in bad health for some time, but his condition was not supposed critical."

"About three months ago Judge Paquet suffered a very severe illness, which at the time was expected to result in his death. He had fully recovered and had been attending his duties at the First city court for some time."

"About a week ago he went to his birthplace to enjoy a short vacation. Yesterday morning the members of his family, who live in this city, received a telegram saying that he had died suddenly in Galveston."
